

### Child enrollment in school

As in previous years, the staff of The Ideas Partnership in Fushë Kosovë have started the campaign to inform the parents about the process of enrolling the children at school. Informing campaign started a few weeks ago in the neighborhoods where Roma, Ashkali and Egyptian minority communities live. The TIP staff informed the parents about the enrollment process and assisting them. The Ideas Partnership, thanks to the generous donors, has now managed to provide school material for the children of the most in need of families, part of these communities.

## Awareness campaign on domestic violence and gender-based violence

During the months of July, August and on-going, the Network of Roma, Ashkali and Egyptian Women's Organizations - RROGRAEK conducted an awareness campaign in neighborhoods inhabited by members of Roma, Ashali and Egyptian communities, as well as the so-called family conferences, on domestic violence and gender-based violence.

These activities are part of the project "Raising awareness for Roma, Ashkali and Egyptian youth on legal mechanisms against gender-based violence and prevention of GBV phenomena" in the municipalities of Istog, Peja, Klina and Deçan, which was realized with the help of the Equality Commitment Program - E4E, funded by the United States Agency for International Development - USAID and implemented by the Advocacy Training and Resource Center - ATRC.

## **RROGRAEK: Ti mbrojmë së bashku femrat ndaj dhunës**

During the meeting on August 31, 2018, RROGRAEK at the offices of the organization "NGO Prosperiteti", with the youth representatives of the advocacy group from Gjakova, raised the issue of the two murders reported in this municipality as a potential result of Domestic Violence. Present were three of the key mechanisms for prevention, fighting and protection from domestic violence, Mr. Krist Gjoka - Police representative, Mr. Agim Pula - representative of the victim protection body and Mrs. Sakibe Doli - the representative of the shelter in Gjakova. They agreed that work shall continue with more capacity to raise the awareness in relation to domestic violence for communities and society and mobilize the relevant NGOs and mechanisms in fighting this phenomenon and announcing such new cases before the tragic ending, as of the two recent cases in Gjakova. RROGRAEK has asked for relevant mechanisms to deal with cases of domestic violence very seriously and that those cases should not be silenced by their investigations, and that they are used to gain the widest possible access to the public through the involvement of the media. Also, RROGRAEK from the information gathered from this meeting learned about the case of Mrs. R.Sh. that it has not been reported as family violence before.

On this occasion, RROGRAEK is appealing that all who are witnesses or part of the exercise of domestic violence help raise the Kosovar society by notifying the identified cases of violence - Your voice for an equal society!

Let's make the world the more beautiful: stop the violence against all!

## Summer camp of The Ideas Partnership

The Ideas Partnership organized the summer camp for around 100 Roma, Ashkali and Egyptian children from the municipality of Fushë Kosovë, with a focus on children in street situation.

Through the development of various activities, this camp aimed at developing the psycho-social and physical abilities of the children involved. The summer camp was financially supported by Terres des Hommes.

## Visit from World at Play

Volunteers of the international organization World at Play are carrying out various educational and entertainment activities with children in Fushë Kosovë. More than 20 children will benefit from these activities every day for more than two weeks. This collaboration with the World at Play organization started years ago while the purpose of the visit and their activities consists in inclusion and socialization through educational games and sports, focusing on marginalized groups in society.

## **Organization of summer camp 2018 by Nevo Concept and Durmish Asllano in the Municipality of Prizren**

The purpose of the summer camp was to involve all children in psycho-social activities, which was realized for five days.

Participants in the summer camp were 100 children and 10 animators who worked in groups with children in the implementation of the different gaming program.

The summer camp was implemented through the Roma, Ashkali and Egyptian Integration Promotion Project, with the abbreviation Prospekt + implemented by Nevo Concept and supported by KFOS. The project is implemented in the municipality of Suhareks in the villages of Gelancë, Trrnje and Leshan in primary schools Drita and V.P.Shkodrani.

These activities include all children from the first to the ninth grade. The participating children were of all communities and they jointly developed the activities.
